*...healing & empowering women and children; building nations*

## AN UPDATED DEVELOPMENT **REPORT** *for* 2015

# From the Founder's DESK

**I**t is with a heart full of joy and thanksgiving that I express my appreciation to God Almighty for His faithfulness and loving kindness towards us at the Real Woman Foundation. It has been a very wonderful year and we have been beneficiaries of God's goodness for the past sixteen years. God's grace has been abundant in our lives and we are eternally grateful to Him.

I also thank all our partners, sponsors and volunteers for their consistent support and contributions. We at RWF are grateful for all you have done to help our women and children. You are having a positive impact in their lives and God will reward you abundantly for it. Your source of wealth, peace and joy will never diminish in Jesus' name.

To the staff at the Real Woman Foundation, I say that you are the best! Your dedication and hard work is paying off. Well done! Keep shining brighter and brighter!

Finally, I believe life is not just about receiving but also about giving. Whatever you make happen for others, God will make it happen for you. I therefore extend a warm invitation to you to join us in different ways to help ease the burden and pain of the afflicted and to show some love to the needy. Ask God to show you ways that you can help to bring happiness and fulfillment into the lives of others and, as you do so, He will meet the needs of your life beyond your imagination. No matter how small you think your gift is, it will still put a smile on someone's face.

Thank you and God bless.

# Real Woman Seminars

**T**he vision of the Real Woman Foundation was conceived sixteen years ago by Nike Adeyemi. It was founded on the conviction to bring emotional healing and empowerment to women. The Foundation started out by holding seminars with Nike Adeyemi bringing timeless teachings that offered encouragement, restoration, direction and strength to women. For over sixteen years, through the seminars, she has taught the word of God in a practical, yet profound way.

At its inception, the seminar recorded a total number of one hundred and twenty people in attendance but in recent times the number has grown to thousands in a single meeting.

In 2015, the Real Woman Foundation held its seminars in March, June, September and December. The seminars were held in Nigeria, USA and UK, under the umbrella of Real Woman Foundation, Real Woman International Inc, US and Real Woman Ministries UK respectively.

The seminars have touched so many lives which is evidenced by scores of testimonies of changed lives. Below are some of the testimonials:

● *"The seminar has healed me in so many ways, encouraged and lifted my spirit."*  
– Akinbolade D.

● *"It has improved my spiritual life and my family even testifies to this. By God's grace it will grow from glory to glory and impact more lives."* – Raji F.

● *"Renewed mindset based on God's word concerning the building of godly home and closeness to the Holy Spirit."* – Obadina A. H.

# REHABILITATION CENTER

**P**EACE VILLA was established in July 2002 with the aim of positively transforming the lives of ex-commercial sex workers and ladies who have been abused. This is achieved by creating a suitable environment for them and taking them through a rehabilitation program for six months. The ladies are also counselled regularly so as to monitor their development and rehabilitation progress.

At Peace Villa, through our rehabilitation programme, we seek to address the root causes of the different circumstances the ladies have been through; rather than merely addressing their external behaviours. We also seek to help them find restoration and freedom from the effects of their past as this will positively affect their lives for good.

Since inception the Centre has rehabilitated 106 (one hundred and six) ladies. Some of them are now graduates of Covenant University, Lead City University and Ambross Alli University, while some are married. Most of them are gainfully employed. The success stories of some of these ladies have been remarkable.

# Love Home ORPHANAGE

**L**ove Home Orphanage was founded in December 2005. It is a home where the dignity and honor of children is preserved even as they are projected towards their destinies.

We give thanks to God for His enabling grace, wisdom and provision over the years so that we are able to nurture and transform the lives of these children and propel them towards an excellent future. The children's well-being, obvious progress and excellent appearance has been a source of motivation for all who visit the orphanage.

One of our goals at the Foundation is to ensure that our children get quality education. This goal is continually being achieved. One of our children has just recently graduated from Lead City University and is currently serving her country Nigeria with the National Youth Service Corps scheme. Others are also doing very well in their various educational institutions. As part of our effort to equip our children with the necessary tools to grow and become independent, responsible adults, we organise vocational training skills and workshops for them. This is aimed at awakening the spirit of

creativity which will help them and serve as a source of income for them.

We want to use this medium to appreciate our educational sponsors for their consistency. Your partnership with our orphanage is a tremendous blessing to us and you can take special pride in knowing that your magnanimity positively affects the quality of education given to the children.

We will also like to thank individuals, families, groups and religious/corporate organisations who have come to visit, make donations and celebrate their birthdays with the children.

## TESTIMONIAL OF ONE OF OUR SPONSORS

My first encounter with Love Home Orphanage left me challenged and inspired. I immediately made a resolution to partner and support in every area I could. The commitment and professionalism they show in the children's well-being and education is worthy of emulation by other Orphanages/Homes. I believe with support from more people and organisations, they would touch the world with their act of love and selflessness.

# For GIRLS ONLY (FGO)

The **For Girls Only (FGO)** arm of the Foundation held its workshop for girls in secondary schools every month this year, except in the months of April and December. Our aim is to equip girls in secondary schools with skills and factual information that would help them make sound decisions and build positive relationships without engaging in sexual activities. The students were taught during the workshops to refrain from risky behaviours that could jeopardize their health and development. STDs/HIV/AIDS, teenage pregnancy, emotional issues were some of the problems associated with negative/risky behaviours. The workshops were also used to teach topics such as Love, Sex and Dating, Power of Choice and Personal Hygiene. They were taught how to differentiate between love and infatuation. Most of the girls were happy to be part of the workshops and promised to strive to avoid any behaviour or activity that could jeopardize their future.

A total number of 1,666 (one thousand, six hundred and sixty-six) students and 19 (nineteen) teachers were in attendance from the schools. The participating schools included: Access International School,

Magboro; Continental College, Olowora; Cayley College, Agidingbi; Lolad School, Magodo; Muritala Muhammed Secondary School, Ikeja; Timray College, Gbagada; Tim-Becky Heritage College, Magodo; Thescol School, Ikosi and Rockland College, Isheri. In organising these workshops, we partnered with other Non-Governmental Organisations like, Youth Empowerment Development Initiative, Yes I Believe Academy and Asha Empowerment and Development Initiative. Our appreciation goes to all our volunteers for their contribution to the success of 2015 'FGO' programmes. God bless you all.

# Life Skills Training Centre

The Life Skills training centre was set up in February 2012 with the aim of training women in vocations that could help to provide a source of income for them. It was also aimed at teaching them key biblical family values to ensure that they fulfil and enjoy the purpose of God for their families. The centre is made up of the Vocational and the Family schools.

The **Vocational School** covers areas like Bead & Jewellery Making, Fashion Design, Making Small chops & Non-Alcoholic Cocktail Drinks and more. The school runs for three days and many participants usually express joy for being part of the training - promising to put the acquired skills to good use.

The **Family School** started as part of our effort to equip and empower men and women with the necessary tools to find joy in carrying out God's purpose for their families. At the Family School, we offer a

wide range of courses including: Family Finance, Communication in Marriage, God and the family, Sex in marriage, Social vices and more. The school runs for five days. Training materials are given to the participants and certificates are awarded after the successful completion of the programme.

## **TESTIMONIALS:**

### **Vocational training**

*"The training is educative and skillful. I appreciate the facilitators and the method of training."* – **Okugbowa U.**

### **Family School**

*"The Family school changed my perspective about marriage."* – **A. A**
